- I would like to receive emails from the **Minnesota Budget Project's** Federal Budget Campaign. The Federal Budget Campaign seeks to organize, educate, and motivate interested allied organizations and individuals so that they can participate in the federal budget decision-making process. Particular areas of emphasis are adequate funding for programs serving low- and moderate-income Minnesotans (particularly Food Stamps and Medicaid), tax fairness, and the impact of federal decisions on the state's budget.

- I would like to join the **Affirmative Options Coalition's** Email Advocacy Network, which provides timely legislative updates and action alerts as well as information and analysis of anti-poverty policy issues. Affirmative Options' work on federal issues focuses on welfare-to-work and work supports such as health care and child care for low-income Minnesotans.
